Friend Garrison

135-

Yesterday, what a day! I could not help feeling deeply sad for the fate of poor old Brown. Is it possible he is to die was almost incessantly in my mind! When I thought for what he was to die I could not ~~but~~ help grieving sorely. The principle of liberty was hung in the person of John Brown. I hope it will cause millions that have hitherto been dead to a principle to rouse up to see what has been done and to resolve that hereafter they will actively fight the great demon of inhumanity to man Human Slavery. Let it be indelibly engraved in their inmost souls that liberty is my creed watchword and all in all. O I wish I ^{could} see this vast army rising in their active might what a hope we should have to what we now have! His lukewarmness Bro B. ^{that} is the cause of all this concert of action. Great God! may the dispensations of thy Providence in the execution of John Brown be the cause of thy chil-

men coming out and battling for
the rights of all, that show in thy good-
ness make them to enjoy! O may I
see a renewal of thy work in the ac-
tions of man.

I have much that I could
say I can't now more I feel to sad

I want you to send me the
Liberator for six months longer
commencing at the termination
of the last for which I send you
1²⁵/₁₀₀ dollars. I should have sooner
made the request but have been
away a portion of the time and very
busy the other in home matters

Will you be so kind as to
take the trouble to get me (if one can
be had) a copy of Geo Sumner's 4th of
July oration before the City of Boston
Also a copy of the last sermon (pri-
nted) of Chas Parker's which I believe
was about the time he left in pur-
suit of health. If you will do me
the above favor and send me the
amount I will forthwith forward
the it. Are there any small sized
Busts of whole-souled and true-heart-
ed friend of freedom Charles Sum-

men that are him truly. If there are
no busts are there any Photographs
with his signature attatched that
are true? If there is I want one. Pl-
ease answer, addressing N., through
the columns of the Liberator and
the cost and the place to be had.

I am I assure you glad to hear
of the arrival of Mr Sumner. I feel
now that ~~that~~ there is in him at
least one champion for freedom
that will grace the Senate Chamber
the present winter. O, if we could
but have a score of them that
his burthen might be lighter and
make a display that the country
might be proud of. May God bless
him with health strength and re-
solution to go ~~forward~~ forward
and fight the battle of freedom with
his accustomed energy and spirit.

Some few weeks since in this
town there came a coloured man
to obtain aid to purchase the free-
dom of his mother. He came well
recommended. His case was very
feelingly laid before the Methodist
Church and people by the Rev Mr

Titus pastor of said Church. I was surprised yet very glad to hear it in this proslavery ~~town~~ or do-nothing anti-slavery town I was glad to know that there was one man who on the Sabbath day and in the desk of his Church dared to speak and heartily advocate the cause of the slave. I shall remember the Rev Mr T with gratitude and pleasure

We had a lecture before of the cause we are having by the Rev. Mark Trafton of New Bedford a week or so since which caused much dissatisfaction and sensur by many on the "Mission of Symmetry". He was very anti-slavery and spoke of Brown with enthusiasm. A grand lecture. Would do good every where

Tell I have nearly wrote you a long letter. I am afraid not pay you for pursuit. Big pardon. Good night

Very fraternally thine
Robert Kimball
